

Heritage, natural areas & National Parks

This work often requires delicate balancing of political and physical environment factors. The Practice has developed the skills to listen, pick the essence of the needs of many views and provide a proposal which accommodates most, if not all involved: this without compromise to the site or project.

Project examples include:

- § Douglas Vale Homestead.
- § Grantham House.
- § Hamilton Green precinct.
- § Roto House & grounds.
- § Camden Head Pilot Station Precinct Master plan.
- § Walkway designs for Forster Tuncurry (in association with Pamela Fletcher RLA).
- § Scotts Head surf viewing platform & walking trails: sketch & detail design.
- § Shelley Beach Road & Miners Beach Walkways: sketch & detail design.
- § Dooragan National Park facilities upgrade, North Brother Mountain Laurieton: sketch & detail design documentation & contract administration.
- § Tomaree National Park Headland upgrade, paths & elevated metal walking trails, heritage interpretation and lookouts: sketch, detail design & documentation.
- § Smokey Cape Lighthouse & recreation area: development concept plan, detail design documentation & contract administration.
- § Camp Blackman, Warrumbungle National Park & Pilliga sandstone caves, Pilliga NP: development concepts & sketch design.
- § Diamond Head Campground: sketch, detail design & documentation.
- § Cape Hawke Precinct Plan, Bootie Bootie NP with traffic & pedestrian controls, recreation facilities & walkway: sketch design.
- § Mulligan's Hut, McIntyre Falls district, Kings Plains & Bald Rock NPs campground, recreation facilities & walkways (some over sheer rock): concept/sketch & detail design documentation.

Smokey Cape Lighthouse.

Scots Head surf viewing platform.

Lookout, Tomaree Headland.
